## Impact on medical devices

- Please comply with the expressly stated prohibition of the use of wireless equipment in medical and healthcare facilities, and shut down the equipment and its accessories.
- Radio waves generated by this product and its accessories may affect the normal operation of implantable medical devices or personal medical devices, such as pacemakers, cochlear implants, hearing aids, etc. Please consult the medical device manufacturer about the restrictions on the use of this product if you use these medical devices.
- Keep a distance of at least 15cm from the implanted medical devices (such as pacemakers, cochlear implants, etc.) when this product and any accessories are connected. Stop using the headset and/or its accessories if you observe a persistent interference with your medical device.

## Operating environment

- Do not use the equipment in dusty, humid, dirty environments, or near strong magnetic fields, in order to prevent internal circuit failure of this product.
- Do not use this equipment during thunderstorms. Thunderstorms may cause product failure and increase the risk of electric shock.
- Operating Temperature: 0-35°C / 32-104 °F, minimum humidity 5%, maximum humidity 95% RH (non-condensing).  
Non-Operation (Storage): -20-45°C / -4-113 °F, 85% RH.
- Protect your lenses from light. Keep the product away from direct sunlight or ultraviolet rays, such as windowsills, automobile dashboards, or other strong light sources.
- Keep the product and its accessories away from rain or moisture.
- Do not place the product near heat sources or exposed flames, such as electric heaters, microwave ovens, water heaters, stoves, candles or other places that may generate high temperatures.
- Do not apply excessive pressure to the product during storage or when in use to avoid damage to the equipment and lenses.
- Do not use strong chemicals, cleaning agents, or detergents to clean the product or its accessories, which may cause material changes that affect eye and skin health. Please follow the instructions in "Product Care" to manage the equipment.
- Do not allow children or pets to bite or swallow the product or its accessories.

## Children's health

- **CHOKING HAZARD:** This product may contain small parts. Please place these out of the reach of children or pets and do not leave small children or pets with this product unattended. Children or pets may inadvertently damage the product, swallow small parts, or get entangled with the cable resulting in suffocation or other hazards.

## Requirements for accessories

- Only accessories approved by the product manufacturer, such as power supplies and data cables, can be used with the product.
- The use of unapproved third-party accessories may cause fire, explosion or other damages.
- The use of unapproved third-party accessories may violate the warranty terms of the product and the relevant regulations of the country where the product is located. For approved accessories, please contact Pico Customer Service Center.

#### **Environmental protection**

**This device must be returned to your company for proper disposal.**

#### **Hearing protection**

- Do not use high volume for extended periods of time to prevent possible hearing damage.
- When using headphones, use the minimum volume required to avoid hearing damage. Prolonged exposure to high volume may cause permanent hearing damage.

#### **Flammable and explosive areas**

- Do not use the equipment near fuel stations or hazardous areas containing flammable articles and chemical agents. Follow all graphic or text instructions when in possession of the product around these areas. Operating the product in these hazardous sites poses risk of explosion or fire.
- Do not store or transport the product or its accessories in the same container as flammable liquids, gases, or substances.

#### **Transportation safety**

- Do not use the product when walking, cycling, driving, or situations that require full visibility.
- Take caution if using the product as a passenger in a motor vehicle, as irregular movement may increase the risk of motion sickness.

#### **Charger safety**

- Only charging devices provided in the product package or specified as an approved device by the manufacturer should be used.
- When charging is completed, disconnect the charger from the equipment and unplug the charger from the power outlet.
- Do not operate the equipment, charger or cable with wet hands to avoid short circuits, failure, or electric shock.
- Do not use the charger if wet.
- If the charging adapter or cable is damaged, discontinue using to prevent the risk of electric shock or fire.

#### **Battery safety**

##### **VR Headset**

- VR Headsets are equipped with non-removable internal batteries. Do not attempt to replace the battery, as doing so may cause battery damage, fire, or human injury. The battery can only be replaced by Pico or Pico authorized service providers.
- Do not disassemble or modify the battery, insert foreign objects, or immerse in water or other liquid. Handling the battery as such can cause chemical leakage, overheating, fire, or explosion. If the battery appears to be leaking material, avoid contact with skin or eyes. In case of material

- contact with skin or eyes, immediately rinse with clear water and seek medical advice.
- Do not drop, squeeze ,or puncture the battery. Avoid subjecting the battery to high temperatures or external pressure, which may result in corruption and overheating of the battery.
- Do not connect the metal conductor with the two poles of the battery, or contact the terminal of the battery, so as to avoid short circuit of the battery and physical injury such as burns caused by overheating of the battery.
- Please contact Pico or Pico authorized service providers to replace the battery when the standby time of your device is obviously shorter than the normal time.

#### Controller

- Your controllers contain AA batteries. Please keep them away from children under 3 and pets.
- Promptly recycle or dispose of used batteries in accordance with all applicable laws and regulations.
- Batteries in controller are replaceable. Do not mix old and new batteries. Replace all batteries of a set at the same time.
- Batteries in controller are 1.5V alkaline AA batteries. Do not charge the battery to avoid battery leak, overheating, fire or explosion.
- Do not drop, squeeze ,or puncture the battery. Avoid subjecting the battery to high temperatures or external pressure, which may result in corruption and overheating of the battery.
- In the event of battery leak, in case of material contact with skin or eyes, immediately rinse with clear water and seek medical advice.
- Remove batteries before storage or for long period of non-usage. Exhausted batteries may leak and damage your controller.

#### **⚠ CAUTION** VR Product Care

- Do not use your product if any part is broken or damaged.
- Do not attempt to repair any part if your product yourself. Repairs should only be made by an Pico authorized servicer.
- Do not expose your headset and controllers to moisture, high humidity, high concentrations of dust or airborne materials, temperatures outside their operating range or direct sunlight to avoid damage.
- Keep your headset, controllers, charger, cables and accessories away from pets to avoid damage.

#### **⚠ CAUTION** No Direction Sunlight on Lenses

- **Do not expose the optical lenses to direct sunlight or other strong light sources. Exposure to direct sunlight may cause permanent yellow spot damage on the screen. Screen damage caused by sunlight exposure or other strong sources of light is not covered by the warranty.**
